## *THE ORIGINAL Grill'nStone*

Stoneware Palace Stoneware, Ltd. wants to congratulate you on your recent purchase of your unglazed ceramic Grill'nStone that guarantees you great cooking success. The Grill'nStone duplicates the effects of brick-lined ovens used in professional bakeries and restaurants by evenly distributing heat. The results are meats and other foods that are fully cooked with ease and without being burnt.

Each GRILL'NSTONE is fired at temperatures of over 2000° F. The more you use your Grill'nStone, the more beautifully seasoned it becomes. It will gradually turn dark brown in color, so don't be alarmed with the used appearance. This is your Grill'nStone becoming seasoned and will enhance your grilling enjoyment.

---

### **Preparing Your Grill'nStone**

Before using for the first time:

- Rinse the Grill'nStone in warm water and towel dry.
- Season the Grill'nStone's surface by rubbing the entire stone with a light coat of vegetable oil or your preferred cooking oil and baking at 350° F for 10 minutes.
- Remove the Grill'nStone from the oven allow to cool, then wipe off any remaining oil from the Grill'nStone's surface and your Grill'nStone is ready for use.

---

### **Grilling With Your Grill'nStone**

- Grill'nStones becomes extremely hot on the grill. Always use a heavy heat resistant glove or pot holder when handling your Grill'nStone.
- You can cut directly on the Grill'nStone for serving. Knives will not damage the Grill'nStones surface.
- Grill'nStones are microwave safe. However, foods will not become crisp or brown in the microwave oven.

---

### **Cleaning**

Unlike other baking stones, your Grill'nStone is nearly water tight. You can wash it with hot soap and water or it may be placed in your dishwasher. Many prefer not to scrub off the seasoned coating and simply scrub the Grill'nStone with a grill brush and water while the stone is warm, the stone will clean very easily. (WARNING, please follow the Preparing Your Grill'nStone section before you use soap on your new Grill'nStone)
